EvansE42@hwbcymru.net

Teaching assistants:

Miss Sharon Williams

Mr Dan James

Ms Tricia Davies

Miss Eleri Evans

PPA:

Mrs Heulwen Williams

Mrs Delyth Dempsey-Jones

Miss Lowri Jarvis

Summer Term 2025

Important things to remember:

Homework- At the end of the week, a Welsh or English reading book will be sent home every other week and it is expected back on Monday morning please. Children will have the opportunity to choose and complete different activities from a termly list of ideas for homework. Your child will receive a Homework book (Busy Book) to record any work or skills practice. Your child is also welcome to write a record of any enjoyable activities you have done over the weekend! You can help your child by encouraging them to read to you/with you regularly and discuss the contents of the book, practise/learn multiplication tables thoroughly and practise spelling. Thank you ☺

Physical Education- We ask the children to come to school in their exercise uniform of blue/black shorts, school T/polo shirt and suitable pumps or trainers, to avoid using the changing rooms. When the weather is cold the children can wear jogging bottoms/leggings. ***Please put your child's name on each piece of clothing.*** More information will follow regarding swimming lessons.

Lessons are on:
Mr Jones – Monday
Miss Morris - Wednesday
Mrs Williams – Wednesday
Miss Evans - Wednesday

Dinners- Lunches are provided for children in the hall. Please select your child's meals using the Cypad Menu **before 8am**. Please note meals can be booked up to six weeks in advance.

Snack and Drink- We kindly ask you to ensure that your child has a healthy snack e.g. fruit, yoghurt for break time. Crisps, sweets, cakes and chocolate are not allowed on the yard. Your child may bring a bottle of water into the classroom if required. Please note that fizzy drinks and energy drinks are not permitted in school. Healthy snacks can be bought from the fruit stall at breaktime for 20p.

Thank you for your co-operation

Our theme this term: The fun of the festivities

The Four Purposes

The new Curriculum provides children with the foundation they need to succeed in a changing world. The curriculum has changed to help young people become more flexible, motivating them to continue to learn new skills as life and the world changes around them. The aim is to support children and young people to be:

- ambitious, able learners
- principled, informed citizens
- enterprising, creative contributors
- healthy, confident individuals

The Six Areas of Learning:

Health and Well-being:

We will look at developing mental wellbeing with focus on the 'My Happy Mind' scheme and develop our thinking skills towards making decision and taking risks. Athletics skills and tennis skills will be developed in our PE lessons this term.

Languages, Literacy and Communication:

We will try to promote the development of the children's language skills through a variety of oral, listening, reading, and writing activities. We will create a magazine for the National Eisteddfod which is in Wrexham this Summer, and also write a letter to the council about the developments to the school campus. Our oracy skills we be developed as we follow the 'Drilio Disglair' scheme, and take part in the 'Llafar Gwlad' project with schools all over Wales.

Mathematics and Numeracy:

This term we will be concentrating on further developing our number skills multiplication and division, and negative numbers. We will also develop measuring skills by measuring mass and weights. We take every opportunity to have the children working on practical activities that are cross-curricular and develop problem solving skills. We will compare data of countries during our international week.

The Expressive Arts:

We will be modelling and planning to create an animation using 'Zing Studio'. We will also use 'Garageband' and various instruments to compose a new anthem, and learning and performing Samba as a class band. During our international week, we will get opportunities to see and emulate artwork from our various countries.

Science and Technology:

We will encourage the children's curiosity and nurture their skills to learn independently through various activities, research and investigations about the human body.

We will also apply the skills from the digital framework through using animation apps and using online researches to collect information about countries in our international week.

Humanities:

We will celebrate the Wales women's football team in reaching Euro 2025 by having an international week where each class will have a different country to learn about. We will discover notable historical events from our individual countries, and also discover religious festivals that are celebrated in those countries.

If you would like any further information, please e-mail your child's class teacher.
